

BACHELOR OF BIOMEDICINE

Sample course structure leading to a major in Pathology

LEVEL 1

Biomolecules & Cells	Chemistry for Biomedicine	Calculus 2	Breadth
Genes & Environment	Physics for Biomedicine	Experimental Design & Data Analysis	Breadth

LEVEL 2

Molecular and Cellular Biomedicine	Selective	Breadth
Integrated Human Structure & Function	Selective	Breadth

LEVEL 3

Biomedicine: From Molecule to Malady	PATH30001 Mechanisms of Human Disease	PATH30002 Techniques for Investigation of Human Disease	Breadth
Frontiers in Biomedicine	PATH30003 Consequences of Human Disease	PATH30004 Advanced Investigation of Human Disease	Breadth

CORE SUBJECT	BREADTH	SELECTIVE	MAJOR
